Description
Material: Whole Cabinet is Made of ABS Plastic With slide out dinner board and towel holder. With One Cabinet and One Drawer There is Two Layers in Cabinet With Four Pieces Casters
Material: Whole Cabinet is Made of Powder Coated Steel With towel holder. With One Cabinet and One Drawer
Material: Whole Cabinet is Made of ABS Plastic With slide out dinner board and towel holder. With One Cabinet and One Drawer There is Two Layers in Cabinet
Material: Whole Cabinet is Made of ABS material With foldable tray With castors lockable With One Cabinet with lock and two Drawers with lock
Material: 1)Bed frame and mattress base are made of Powder Coated Steel. 2)Bed head / foot board are Powder Coated Steel Pipe Standard Accessory: 1)Two sectional S/S Drip Stand 2)Four 125mm diameter wheels with brakes

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Two Pieces Aluminum Alloy side rails.
- 4) Control by Cranks

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 450 to 700mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Three Pieces Plastic Cranks
- 3) Two Pieces Aluminum Alloy side rails.
- 4) Four Pieces 125mm Diameter Individual Locking Wheels

2cm natural palm fiber, 6cm high-density stretchy sponge, Waterproof cloth

(Apply to two function or any more functions hospital bed)

Material:

- 1) Bed frame and mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Four pieces foldable PP side rails.
- 4) Control by Cranks

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Four pieces PP side rails
- 3) Two Pieces Plastic Cranks
- 4) Four Pieces 125mm Diameter Individual Lock Wheels

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Four pieces foldable PP side rails.
- 4) **Sleeping platform with Soft Connecting**
- 5) Control by Hand Remote

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 450 to 700mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Four pieces PP side rails
- 3) Three Pieces Import Motors
- 4) Four Pieces 125mm Diameter Central Locking Wheels

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Four pieces foldable PP side rails.
- 4) Control by Hand Remote

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 450 to 700mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Four pieces PP side rails
- 3) Three Pieces Import Motors
- 4) Four Pieces 125mm Diameter Central Locking Wheels

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Four pieces foldable PP side rails.
- 4) Control by Hand Remote

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 450 to 700mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Four pieces PP side rails
- 3) Three Pieces Import Motors
- 4) Four Pieces 125mm Diameter Individual Locking Wheels

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Two Pieces Foldable Aluminum Alloy side rails.
- 4) Control by Hand Remote

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 450 to 700mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Two Pieces Foldable Aluminum Alloy side rails.
- 3) Three Pieces Import Motors
- 4) Four Pieces 125mm Diameter Central Locking Wheels

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Two Pieces Foldable Aluminum Alloy side rails.
- 4) Control by Hand Remote

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 450 to 700mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Two Pieces Foldable Aluminum Alloy side rails.
- 3) Three Pieces Import Motors
- 4) Four Pieces 125mm Diameter Individual Locking Wheels

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Two Pieces Foldable Aluminum Alloy side rails.
- 4) Control by Hand Remote

Functions:

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 450 to 700mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Two Pieces Foldable Aluminum Alloy side rails.
- 3) Three Pieces Import Motors
- 4) Four Pieces 125mm Diameter Individual Locking Wheels
- 5) One Piece S/S Traction Pole

Material:

- 1) 1.5mm thickness Bed frame and 1.0mm thickness mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Two Pieces Foldable Aluminum Alloy side rails.
- 4) Control by Hand Remote

Functions:

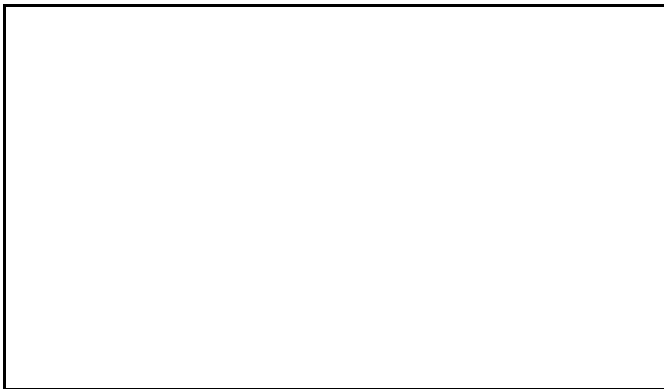

Angle of back section: 0-80°

Angle of knee section: 0-40°

Adjustable height: 350mm

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) Two Pieces Foldable Aluminum Alloy side rails.
- 3) Three Pieces Import Motors
- 4) Four Pieces 125mm Diameter Individual Locking Wheels

Material:
1) Bed frame and mattress base are made of Powder Coated Steel.
2) Detachable Bed head / foot board are ABS Plastic
3) Two Pieces Aluminum Alloy side rails.
4) Control by Cranks

Functions:
Angle of back section: 0-80°
Angle of knee section: 0-40°

Standard Accessory:
1) Two sectional S/S Drip Stand
2) Two Pieces Plastic Cranks
3) Two Pieces Aluminum Alloy side rails.
4) Four Pieces 125mm Diameter Individual Locking Wheels

Material:
1) Bed frame and mattress base are made of Powder Coated Steel.
2) Detachable Bed head / foot board are ABS Plastic
3) Two Pieces Aluminum Alloy side rails.
4) Control by Cranks

Functions:
Angle of back section: 0-80°

Standard Accessory:
1) Two sectional S/S Drip Stand
2) One Pieces Plastic Cranks
3) Two Pieces Aluminum Alloy side rails.
4) Four Pieces 125mm Diameter Individual Locking Wheels

Material:
1) Bed frame and mattress base are made of Powder Coated Steel.
2) Bed head / foot board are Powder Coated Steel Pipe
3) Control by Crank

Functions:
Angle of back section: 0-80°
Angle of knee section: 0-40°

Standard Accessory:
1) Two sectional S/S Drip Stand
2) Two Pieces Stainless Steel Cranks
3) Four anti-slip and anti-moist gum cover

Material:

- 1) Bed frame and mattress base are made of Powder Coated Steel.
- 2) Bed head / foot board are Powder Coated Steel Pipe
- 3) Control by Crank

Functions:

Angle of back section: 0-80°

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) One Pieces Stainless Steel Cranks
- 3) Four anti-slip and anti-moist gum cover

Material:

- 1) Bed frame and mattress base are made of Powder Coated Steel.
- 2) Bed head / foot board are Stainless Steel Pipe
- 3) Control by Crank

Functions:

Angle of back section: 0-80°

Standard Accessory:

- 1) Two sectional S/S Drip Stand
- 2) One Pieces Stainless Steel Cranks
- 3) Four Pieces 125mm Diameter Individual Lock Wheels

Material:

- 1) Bed frame and mattress base are made of Powder Coated Steel.
- 2) Detachable Bed head / foot board are ABS Plastic
- 3) Two Pieces Aluminum Alloy side rails.
- 4) Control by Cranks

Functions:

Height adjustable from 450 to 700mm

Back-rest lifting angle is 0-80°(±5°)

Knee-rest lifting angle is 0-40°(±5°)

Accessroy:

- 1) Chain: 2 sets Stainless Steel
- 2) Parallel bars portal frame Stainless Steel
- 3) Two Pieces Aluminum Alloy side rails
- 4) Four anti-slip and anti-moist gum cover

Material:

Whole Bed is Made of Stainless Steel

Functions:

Angle of back section: 0-80°

Angle of left knee section: 0-40°

Angle of right knee section: 0-40°

Standard Accessory:

- 1) Chain: 2 sets Stainless Steel
- 2) Parallel bars portal frame Stainless Steel
- 3) Two Pieces Stainless Steel Siderails
- 4) Four anti-slip and anti-moist gum cover

Material:

Whole Bed is Made of Stainless Steel

Functions:

Angle of back section:0-80°

Angle of left knee section: 0-40°

Angle of right knee section: 0-40°

Angle height:450 to 700mm

Standard Accessory:

1)Chain:2 sets Stainless Steel

2)Parallel bars portal frame Stainless Steel

3) Two PiecesStainless Steel Siderails

4)Four anti-slip and anti-moist gum cover

Pump

The functions of the pump are described below. Please refer to the figures of the BA-2 pump.

③Power Switch(1)

⑤The switch is in the middle side of the pumps.

⑤Turn ON/OFF the power, the pump will start/stop operation.

③Pressure adjust knob(2)

⑤Turn the min/max knob to set a comfortable pressure level.

Mattress

The pump comes with bubble mattress made of the materials PVC, provided optionally with the pump.
